

Plan for our third network seminar

Welcome everyone!

I am really looking forward to working with you all again, albeit online rather than in person. With respect to that, please remember that you are expected to participate on your own PC/tablet, NOT share, and as you may be required to share your screen, you cannot join on your mobile. Please also check before you arrive that you have access to your microphone and video. At the last workshop, some of you had problems presenting information about yourself on your screen. To place you in relevant groups during the day, I really need you to display certain information. So please ALL, click on your profile at the top right-hand side of the screen and then on "Rename". Enter your first name, your school and the Year(s) you presently teach and be sure to check off "Remember my name for future meetings". After clicking "OK", your new name and information will appear 😊. Thank you!
